

Inside page

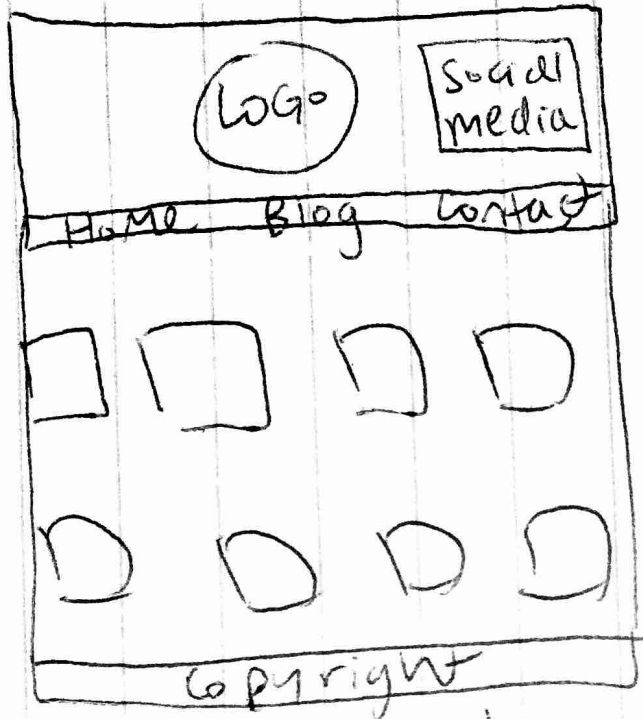

- Side bar text can be organized another format
- Category + archives are very expended already.

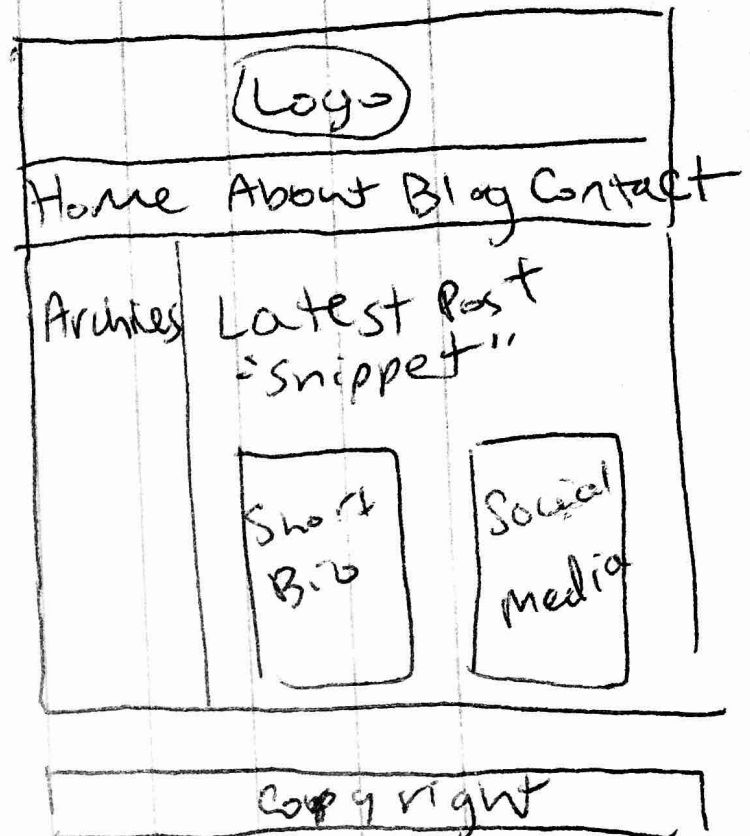

- Side bar on the $\frac{1}{3}$ ~~side~~ can be arranged text a different way
- Categories or Archives can expandable, possibly
- ★ This one will probably be used as both the homepage and inside page

Homepage

- posts in the small boxes,
- multiple rows
- maybe less columns (3)
- needs two layouts if this is used

- menu may not ~~be~~ have "Home"
- Archives is completely expanded
